Motion carried.

On Item 4(e) Approval of Request for Proposals - Development of 221 and 225 8th Street

Council member Trevillyan stated he had previously suggested these properties be used for a community build with Habitat for Humanity. He inquired about staff's reason for recommending this go through an RFP process.

Clyde Evans, Community and Economic Development Director, responded staff is recommending the RFP process to avoid potential criticism that the City is selecting one non-profit for the project without considering others. The RFP process would make the project available to any organization, and scoring criteria will be used to select the organization that will ultimately develop the parcels.

It was moved by Trimble, second by Mickelson to approve Item 4(e) Approval of Request for Proposals - Development of 221 and 225 8th Street.

Vote 18-581: Hardman, Mickelson, Trevillyan, Trimble...4 yes  
Motion carried.

On Item 4(m) Approval of Subcommittee Recommendation - Redevelopment Funding Programs in Historic West Des Moines

Council member Trevillyan expressed opposition to these proposed amendments, citing concerns that a property would potentially be able to take advantage of these programs through both a property owner and a tenant, which he would consider to be "double dipping" and not consistent with the intent of these programs.

Council member Trimble stated the City did not anticipate situations like the one that initiated this request, where Nick Kuhn, a tenant in the Foundry, needs regulatory compliance funds to start a non-profit commissary kitchen operation, but the Foundry has already been awarded a property tax rebate. He noted he supports the amendments as long as the tenant has no ownership in the property, and he spoke in support of the project proposed by Mr. Kuhn.

October 29, 2018

Council member Trevillyan noted this proposed commissary kitchen project was coming all along, but the request for regulatory compliance funds only came up recently, so he feels any award of funds would not fit the criteria of a true incentive.

It was moved by Trimble, second by Hardman to approve Item 4(m) Approval of Subcommittee Recommendation - Redevelopment Funding Programs in Historic West Des Moines, with an amendment that would prohibit a tenant from receiving redevelopment incentive funds if the property has already been awarded a property tax rebate and the tenant has ownership in the property.

Council member Mickelson spoke in support of the proposed commissary kitchen project, but he stated when the redevelopment incentive programs were developed, this type of situation was not anticipated. He does not believe these cases were intended to be eligible for the program, so he will not support the proposed amendments.

Council member Hardman spoke in support of the proposed commissary kitchen project, and she expressed support for the proposed amendments because this project involves a tenant that needs the funds to advance their business and the tenant has no ownership in the property. She also noted the pilot period of the redevelopment incentive programs ends on December 31, 2018.

Council member Trimble stated since Council member Sandager is absent tonight, he would prefer to continue this item to the November 12<sup>th</sup> meeting, when the full Council will be present to vote on this item.

Council member Trimble rescinded his original motion, and Council member Hardman rescinded her second to the original motion.

It was moved by Trimble, second by Hardman to continue Item 4(m) Approval of Subcommittee Recommendation - Redevelopment Funding Programs in Historic West Des Moines to November 12, 2018.

It was moved by Trimble, second by Hardman to consider the first reading of the ordinance.

Mayor Gaer stated this ordinance came up because there is a very strong applicant that could assist the city in establishing a sister cities partnership in China, but she lives in Des Moines.

Council member Trevillyan expressed concerns that the Sister Cities Commission is pursuing a sister cities partnership in China when we already have one with Mateh Asher, Israel, which has not yet produced any significant outcomes. He also expressed concerns about appointing a non-resident, as he believes there must be people in West Des Moines with expertise on China.

Council member Mickelson agreed that the Sister Cities Commission needs to start producing results.

Mayor Gaer stated those concerns can be addressed another time, but the item on tonight's agenda is simply a change in the member qualifications for the Sister Cities Commission.
